ACTION ITEMS

NO.	ITEM	WHO	BY
1	Summarize the completion of the task last week and solve the problems a) Each person makes a summary of his or her accomplishments b) Both of us came up with a code problem, discussed it and solved it	Chenchen Tan Xinghao Li	18/05 /2020
2	Identify each person's tasks for this week a) Add a new fragment called aboutMeFragment, in this fragment show the username and allow the user give feedback to the developer. Complete the function of searching records according to the user setting time and displaying it in showRecordsFragment. Complete the function to show the total income and spending money. Implement a utility to delete a bill record and update a bill record in the database and UI screen. Check whether the user's input meets the standard. If it does, proceed to the next step. If it does not, remind the user to re-enter.	Chenchen Tan	18/05 /2020

3	<p>Identify each person's tasks for this week</p> <p>b) Developed the ability to generate PDF to store all bill records of users, but it needs to be further improved. Improved the ability to generate PDF to store all user bill records. Update the layout of showRecordsFragment. Add the image when opening the app. Create a new activity and when the user clicks recyclerView it jumps to the showRecordDetailActivity to show all the information for a bill record. Solve the keyboard occlusion problem, add keyword search and logout function.</p>	Xinghao Li	18/05 /2020
